<p>The chart displays the daily precipitation (in mm) for each day of the year. The x-axis represents the days of the year (1 to 365), and the y-axis represents precipitation in mm (0.0 to 30.0). The blue bars show the daily precipitation, which peaks around day 31 (February) and again around day 151 (May). The red dashed line shows the running total of precipitation, which reaches approximately 422.4 mm by day 365, matching the annual total shown in the table.</p>
